REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Heritage Elementary School is located at the foot of the Blue Ridge Mountains in beautiful Travelers Rest, South Carolina. Heritage is a hometown school in which students, staff, parents, and community members are all integral participants in making a difference in the world. Through an active PTA and SIC, parents and community members partner with educators to insure we are adequately preparing our students for the world around them.

We are an International Baccalaureate (IB) School, offering students in grades K3-5 the Primary Years Programme (PYP). This program engages the students in the learning process through inquiry based instruction, integrated units of study and a project-based approach. IB-PYP students maintain IB student portfolios, in which they keep work year to year and conference with their parents about their progress. Every student receives weekly Spanish instruction, with students in grades 3-5 receiving language instruction daily. Through this rigorous international program of education, our students are living our motto, “Hometown School—World Class Education”.

Student achievement data from 2013 showed the need for continued improvement in each area. Teachers met in Professional Learning Communities as well as on Vertical Teams to plan new strategies for their students’ continued growth. All teachers were trained in the Fountas and Pinnell guided reading instructional model. A leveled literacy library was purchased, allowing students exposure to new books each day during reading instruction. Students were reading and writing more than ever before, utilizing a new abundance of resources. Teachers and students engaged in studying content area vocabulary and conceptual learning, broadening their knowledge of science, math, and social studies. At risk students were served in a variety of ways, through the SIC sponsored Early Risers club, tutoring students 2 mornings and 1 afternoon each week. Special Education students were served using the inclusion model, increasing their exposure to grade level content each day. Mentors were chosen and provided for students who just needed an extra adult to check in with them each week.

Heritage continued to grow in its implementation of student technology in the classroom. All classrooms now have state of the art Promethean boards. This year, each classroom was provided with an iPad mini, allowing students further access each day to instructional technology to enhance their learning journeys. Through opportunities such as Mystery Skype, Where in the World is T.R. Pioneer, virtual field trips, and engineering club, students at Heritage realized that the world around them isn’t so small after all, and they could reach out and touch it using instructional technology.

Heritage Elementary continues to look for effective ways to provide our students with a world-class education.
